*Your Comfort
Our Future!*

What is Palmetto AC's Comfort Club?

As a member of Palmetto's Comfort Club you will enroll in a Peace of Mind Protection Plan that provides you with necessary routine maintenance procedures. It is a service, designed for you to keep your heating and cooling system operating at peak efficiency to ensure your family's comfort while saving you money on your electric bill.

Our competent, trained service technicians, will perform the necessary checks, in order to spot and correct potential problems. Your comfort is our top priority.

Members of our Comfort Club enjoy convenience, dependability, comfort and the "peace of mind" of regular maintenance. For further information call **803-358-9673**

Peace of Mind Protection Plans to Fit Your Lifestyle!

You wouldn't drive your car 100,000 miles without changing the oil, would you? Well, the same logic holds true for your heating and air conditioning system. You will enjoy greater comfort, lower costs and a longer life for your system when you have a quality maintenance plan. With two different levels of service and protection, there is sure to be a plan to fit your needs.

Deluxe Plan

\$119

This plan benefits include:

- Once a year inspections and cleanings and filter replacement (\$10/filter, \$65/Air Bear, or supply your own filters for no additional cost.)
- One free diagnostic charge* & 10% discount on all repairs
- Inspections of evaporator coil, all safety controls, thermostat accuracy, compressor amperage, blower wheel and housing, all electrical components, all fan motors, refrigerant charge; if gas application, we inspect heat exchangers, igniter, burners, gas pressure, flue draft, and flame sensor
- Cleaning of indoor and outdoor coils, drain lines and blower wheel (if applicable)

Premium Plan

\$199

This plan is our most popular choice and benefits include:

- ALL THE BENEFITS OF THE DELUXE PLAN, PLUS...
- Twice a year inspections and cleanings and filter replacement (\$10/filter, \$65/Air Bear, or supply your own filters for no additional cost.)
- One free diagnostic charge* & 15% discount on all repairs
- Inspections of evaporator coil, all safety controls, thermostat accuracy, compressor amperage, blower wheel and housing, all electrical components, all fan motors, refrigerant charge; if gas application, we inspect heat exchangers, igniter, burners, gas pressure, flue draft, and flame sensor
- Cleaning of indoor and outdoor coils, drain lines and blower wheel (if applicable)

Maintenance Plan Benefits

Some contractors disappear after a new air conditioner is installed, but we provide ongoing service that includes maintenance plan coverage options for as long as you own your equipment. You receive many benefits from preventative maintenance when the work is performed by a licensed, professional contractor.

- **Reduced Utility Bills:** We clean and performance test your air conditioner to ensure it is producing the right quantity of conditioned air. Maximizing efficiency helps minimize power costs.
- **Improved Comfort:** There are many things that affect comfort, including airflow restrictions, clogged filters and dirty coils. Our technicians make sure your system is optimized for the best performance, which results in better comfort.
- **Lower Repair Costs:** Worn and compromised components place additional stress on other parts, which can ultimately lead to a catastrophic failure. Tuned and cleaned air conditioners are better prepared for the brutal heat and humidity of SC summers.
- **Extended Equipment Life:** Properly serviced air conditioners accumulate fewer run time hours while providing the same BTU capacity. Lower system wear and tear translates into a longer equipment lifecycle with fewer repairs.
